

KIRMINGTON & CROXTON PARISH COUNCIL PLAYING FIELD CAR PARK POLICY

The Playing Field car park in Kirmington is regulated by Kirmington & Croxton Parish Council. It is a parking area for the playing field and that is its Primary Function. It is available for parking upon request to the Parish Council for any local events. It is not opened unless requested to prevent unauthorised access by travellers.

It is essential that everyone follows the instructions and markings as to where to park and where to leave clear for essential access to the playing field in the event that emergency service vehicles need access.

- No overnight camping in the playing field or car park.
- The car park is not to be used for Commercial Vehicles.
- No trailers or caravans.
- No dangerous driving – maximum speed 5mph.
- When the car park is used any gate opened **MUST** be secured by the fastenings provided.

Whereas Kirmington & Croxton Parish Council will not tolerate any vandalism, theft or damage to the public property that it is responsible for, it has no liability for damage to personal properties of for vehicles using the car park. Once again, any infringements of this will be pursued vigorously through the proper authorities.

POLICY ADOPTED ON 2ND OCTOBER 2018

SIGNED – CHAIRPERSON

TERRY MARSDEN
